

5 Themes of Geography Brochure

Directions: This project is designed to help you practice the application of the 5 Themes of Geography by making a brochure applying the 5 Themes of Geography to yourself. In the brochure you will use the 5 Themes to describe a city to someone thinking about moving into the area.

Layout

Fold your paper in thirds and clearly label each section as follows:

Front			Back		
Title Name Hour	Location	Place	Region	Human/ Environ Interaction	Movement

Remember your brochure should show the 5 Themes of Geography and YOUR understanding of what they are.

- Movement: Of people, goods, and services
- Regions: A place with unifying characteristics.
- Location: Where is it? What is it near?
- Human-Environment Interactions: How people work and live in their surroundings
- Place: Physical and/or human characteristics of an area
